Thematic Workshops

A - Images, Ideas and Visions of Europe

B – European Citizenship Literacy

“Citizenship of the Union is hereby established. Every person holding the nationality of a Member State shall be a citizen of the Union. Citizenship of the Union shall be additional to and not replace national citizenship.” (1992, Maastricht Treaty, article 20)

C – What measures to strengthen the feeling of being a European citizen?

D – What can we do to revive the European project?

The question arises at the level of both individual and collective action. [...]

And the question that remains here is whether one should be concerned first with policies or with governance issues...
